

Receiving Communication From God through External Perceiving

Exercise 1

Quiet yourself before Father God...speak praises to Jesus...then, ask the Holy Spirit to show you a where **your choices** have kept you from even wanting to give encouragement, comfort or strength to another. **Example:** when you choose your schedule over stopping to serve someone else, is your work or rest time impeding your release of strength, encouragement, or comfort to others? Write what you hear below:

TIP: God submits to the protocols we're teaching—*He wrote them*—so if what you hear is strengthening, encouraging, and comforting, you can be confident it's Him.

Exercise 2

Ask the Lord to forgive you for partnering with “time management” or anything else He may highlight. As He reveals your impeding choices then ask Him, “what truth about my spiritual giftings do you want to share with me Lord?”
